East Point, GA 30344

December 23, 2013

Honorable Mayor, Honorable Members of the Governing Council and
Citizens of East Point, Georgia:

The Comprehensive Annual Financial Report of the City of East Point, Georgia, for the fiscal year ended June 30, 2013, is herein submitted as required by state government, statutorily require that all general-purpose local governments annually issue a financial report covering its financial position and activity, in conformance with generally accepted accounting principles (GAAP), and that this report be audited by an independent firm of certified public accountants.

The City is also required to submit an annual single audit in conformity with the standards applicable to financial audits contained in the *Government Auditing Standards* issued by the Comptroller General of the United States and the U.S. Office of Management and Budget Circular A-133, *Audits of State and Local Governments and Non-Profit Organizations*. Components of the single audit, including the schedule of financial assistance, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in a separately issued single audit report.

The auditor's opinion intended to provide reasonable assurance that all financial statements will be free from material misstatement. To the best of management's knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City of East Point. Responsibility for both the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures, resides with the City.

The financial reporting entity for the City of East Point includes all funds of the primary government, the City of East Point, as well as all of its component units. Component units are separate entities for which the primary government is financially accountable and are included as part of the primary government's reporting. The East Point Building Authority is reported as a blended unit in the governmental funds of the primary government. Non-blended component units are reported in a separate column in the government-wide financial statements. To differentiate their financial position and results of operations from those of the primary government, the East Point Business and Industrial Development Authority and the Keep East Point Beautiful are reported as discretely presented component units.

In addition to the Letter of Transmittal, a narrative in the form of Management's Discussion and Analysis (MD&A), is included and contains an introduction, overview, and analysis to accompany the basic financial statements. The Letter of Transmittal is a complement to the MD&A and should be read in conjunction with it. The MD&A follows the report of the independent auditor.

Annual Audit

State statutes require an annual audit be performed by independent certified public accountants. The firm of Banks, Finley, White & Co. was selected by the City to perform these auditing services. In addition to meeting requirements set forth in state statutes, the audit was also designed to meet the requirements of the federal Single Audit Act of 1996, as amended, and the related U.S. Office of Management and Budget's Circular A-133. Generally accepted auditing standards and the standards set forth in the General Accounting Office's *Government Auditing Standards* were used by the auditors in conducting the engagement. The auditor's report on the basic financial statements is included in the financial section of this report. The auditor's reports on internal controls and compliance with applicable laws and regulations can be found in a separately issued single audit report and internal control report.

Form of Government

The Charter of the City of East Point establishes a Council-Manager form of government. Under this form, legislative policymaking is vested in the elected governing council, consisting of a mayor and an eight member council. Four members of the eight members are elected from districts while four members are elected at large for four year terms. All members are elected on a non-partisan basis. The mayor is elected at large for a four-year term. The City Council establishes policy by passing ordinances and resolutions including adopting an annual budget as proposed by the City Manager. The Council appoints the City Manager, City Clerk and City Attorney. The Council also appoints both a Budget Committee and a Finance Committee. The City Manager serves as the Chief Executive Officer responsible for executing the policies of the governing council and for the supervision of the day-to-day operations of the City.

Profile of the City of East Point

Located southwest of Atlanta, the City is included in the Atlanta, Georgia Metropolitan area. East Point has immediate access to the Interstate system (I-75, I-85, I-285), heavy rail, MARTA (transit and bus routes) and is less than a 10-minute drive to Hartsfield-Jackson Atlanta International Airport. The estimated City's population as of 2012 is 35,584. There are 13,333 occupied housing units with an average household size of 2.50. The median house value as of 2012 (most current information) was \$136,100 with a median household income of \$41,622. Median gross rent as of 2012 was \$854. East Point's unemployment is 10.2%. However, those numbers could improve as the City tackles some of the unmet demand in retail space. The City has a current unmet retail space demand of 197,456 square feet within a 2-mile Primary Market area. As of 2012 there were 1,020 businesses in the City with 15,635 employees. The hospitality industry is the largest employer (based on number employees) in the City.

With Fulton County being the largest county in the State of Georgia, the City of East Point is the largest city in South Fulton County. Neighborhoods are continually being revitalized as is downtown East Point, which is geared toward mixed-use development. New businesses are being developed and existing businesses are relocating to the City. The City Council and Fulton County Board of Commission adopted the East Point Corridors Tax Allocation District in 2006 which includes Main

Street, redevelopment nodes along Cleveland Avenue and redevelopment nodes along Washington Road.

While the City owns and operates four utility enterprises with revenues in excess of \$70,000,000 (electricity, water & sanitary sewer, storm water and sanitation), the primary general governments revenue streams are property taxes and sales taxes. This is a good revenue mix as property taxes are classified as “inelastic” and sales taxes are classified as “elastic.” Sales tax revenue is highly sensitive to fluctuations in the economy. However, as with other local governments, the current economic downturn has definitely affected the City’s 2012 general government revenue streams.

Budgetary Controls

The City adopts an annual budget as a basis for the budgetary accounting system designed to ensure compliance with legal provisions embodied in the annual appropriated budget. Monthly budgetary reporting is a significant part of budgetary controls as supported by a formal system of amendments and transfers. Activities of the General Fund, Enterprise Funds, and certain Special Revenue Funds are included in the annual appropriated budget. Project length financial plans are adopted for the Capital Projects Program.

For additional oversight, the City established Budget and Finance Committees. The Committees are composed of three elected officials and one citizen representative. The citizen representative is approved by majority vote of Mayor and Council. The Budget Committee is charged with monitoring revenues and expenditures and recommending capital improvements. The Finance Committee is charged with reviewing proposed debt financing and participating in the selection of the outside auditing firm.

Internal controls

Management is responsible for establishing and maintaining an internal control structure. This structure is designed to ensure that the assets of the City are protected from loss, theft or misuse. Management must ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the evaluation of costs and benefits requires estimates and judgment by management.

As a recipient of federal, state, and county financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to federal assistance programs as mandated by the Single Audit Act. As a part of the City’s single audit, described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to federal financial assistance programs, as well as to determine adherence to applicable laws and regulations. The auditor’s report is a separate document on compliance with federal programs and is not included in this report.

Awards

The Government Finance Officers Association (“GFOA”) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its (CAFR) for the fiscal year ended June 30, 2012. In order to be awarded a certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Programs requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of the comprehensive annual financial report could not have been accomplished without the dedication of the finance department staff. I would like to express our appreciation to each member of the department who assisted and contributed to the preparation of this report. Due credit also should be given to our independent auditors, Banks, Finley, White & Co., the mayor, the city manager, and the governing council for their interest, and support in planning and conducting the operations of the City of East Point in a responsible and progressive manner. Everyone has our sincere appreciation for the contributions made in the preparation of this report.

Respectfully submitted,

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and
Members of the City Council
City of East Point, Georgia:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of East Point, Georgia (the "City"), as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Mayor and
Members of the City Council
City of East Point, Georgia:

Opinions

In our opinion, based on our audit, financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of East Point, Georgia, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison of the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 3-13), and the schedules of Funding Progress (page 63) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of East Point, Georgia's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the budgetary comparison information, on pages 65-124 are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Mayor and
Members of the City Council
City of East Point, Georgia:

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2013, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Comprehensive Annual Financial Report (CAFR) for City of East Point (the City), provides interested parties and the general public with a narrative discussion and analysis of the financial activities of the City for the fiscal year ended June 30, 2013. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and notes to the financial statement.

FISCAL YEAR 2013 FINANCIAL HIGHLIGHTS

- The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$73,757,869 (total net position) as of June 30, 2013.
- Total net positions are comprised of the following:
 - (1) Net investment in capital assets, of \$55,334,095 includes property and equipment, net of accumulated depreciation, and reduction for outstanding debt related to the purchase or construction of capital assets.
 - (2) Restricted net position is \$8,159,720; restrictions include debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted net position is \$8,791,410.
- The City's governmental funds reported total ending fund balance of \$11,103,917 at June 30, 2013. This compares to the prior year ending fund balance of \$8,221,048 showing an increase of \$2,882,869 during the current year. Unassigned fund balance of \$2,600,516 at June 30, 2013 shows a \$1,263,966 increase from the prior year amount at June 30, 2012.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$2,600,516 or 11% of total General Fund expenditures.
- The after-effects of the economic downturn continued to play havoc with the City's 2013 revenue streams, especially property taxes.
- In the City's business-type activities revenues increased by \$5,458,935 or 8.9% and the expenses increased by \$808,471 or 1.4%.
- Based on the Utility rate increase the Business Activity revenues were significantly increased, while the expenses showed a slight increase. Because of these occurrences the City's financial position was improved for FY 2013,

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

OVERVIEW OF THE FINANCIAL STATEMENTS

This Management Discussion and Analysis document introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The City also includes in this report additional information to supplement the basic financial statements. Comparative data is presented to allow comparison to the prior fiscal year.

Government-wide Financial Statements

The City's CAFR includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of position presenting information that includes all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City principally supported by taxes from business-type activities intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, judicial, community development, public safety, public works, parks, recreation and culture, planning and community development and health and welfare. Business-type activities include the water and sewer system, the electric system, storm water, and solid waste activities.

The government-wide financial statements are presented on pages 14 & 15 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for nonmajor funds is provided in the form of combining statements in a later section of this report.

The City has three kinds of funds:

Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives. The General Fund's budget to actual comparison statement is presented as a basic financial statement.

The basic governmental fund financial statements are presented on pages 16 - 20 of this report.

Individual fund information for nonmajor governmental funds is found in combining statements in a later section of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the City charges customers a fee. The City's proprietary funds are classified as four enterprise funds and a single internal service fund. The enterprise fund essentially encompass the same function reported as business-type activities in the government-wide statements. The internal service fund is reported as part of the business-type activities at the government-wide financial reporting level.

The basic proprietary fund financial statements are presented on pages 21 - 24 of this report.

Fiduciary funds (i.e., the agency funds) are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City programs. The City's single-employer pension plan (a pension trust fund) and collections of municipal court fees (an agency fund) are reported in these financial statements as fiduciary funds. The basic fiduciary fund financial statements are presented on pages 25 & 26 of this report.

Discretely presented component units are reported on pages 27 and 28.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the basic financial statements begin on page 29 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's single employer pension plan. The required supplementary information can be found on page 63 of this report.

Supplementary Information

As discussed, the City reports major funds in the basic financial statements. Comparative information for major funds and combining and individual statements and schedules for nonmajor funds, including budgetary comparison schedules, are presented in a supplementary information section of this report beginning on page 64.

(This page continued on the subsequent page)

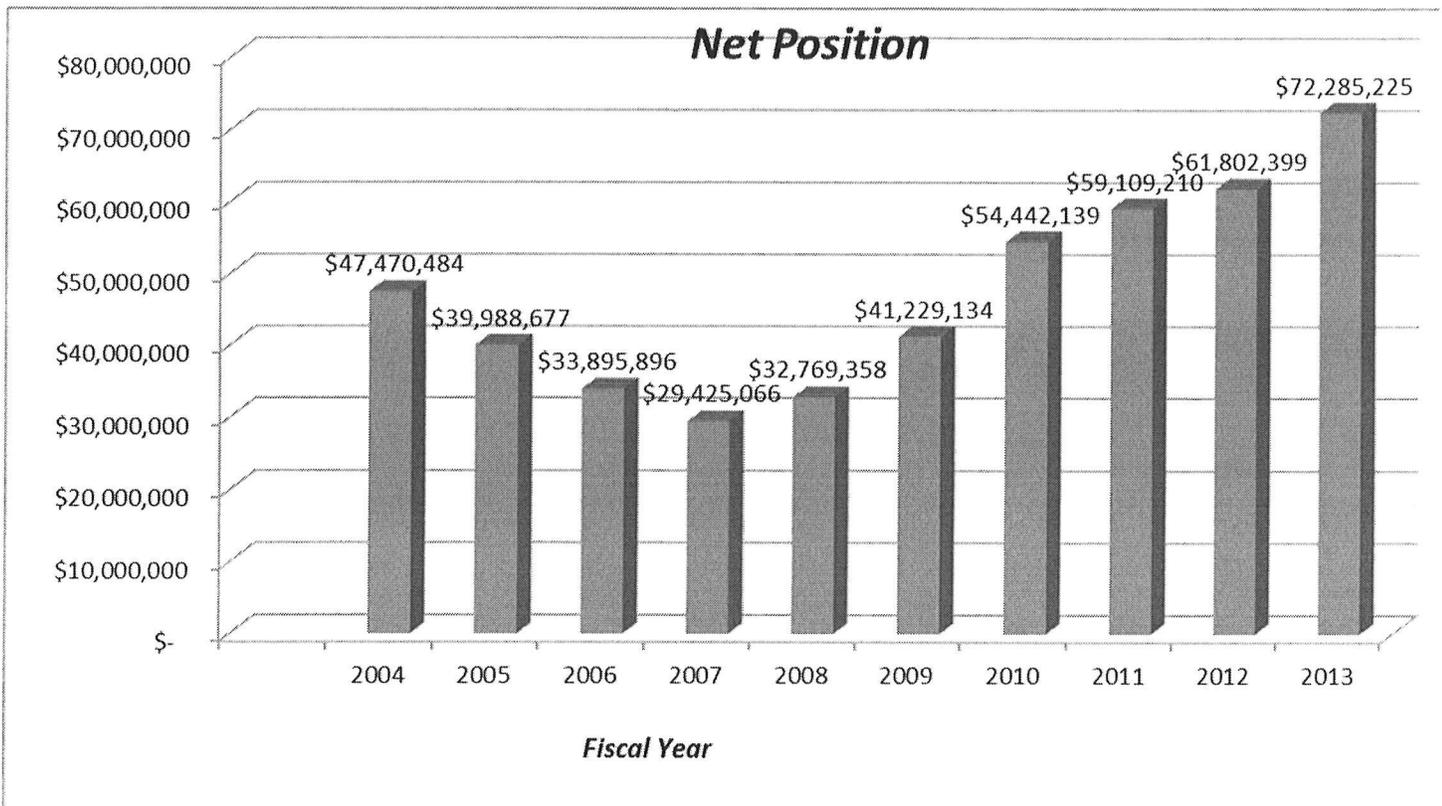

FINANCIAL ANALYSIS OF THE CITY

The City's net position at fiscal year-end is \$72,285,225. The following table provides a summary of the City's net position:

The following chart reports the City's total net position balances from fiscal year 2004 - 2013.

Current assets in governmental activities decreased and in business-type activities increase in fiscal year June 30, 2013.

The City reported positive balances in net position for both governmental and business-type activities. During 2013, net position increased \$2,436,553 for governmental activities and increased \$8,046,273 for business-type activities. The City's overall financial position improved during fiscal year 2013.

Note that approximately 74.3% of the governmental activities' total assets are tied up in capital assets. The City uses these capital assets to provide services to its citizens. Business-type capital assets make up 74.3% of total assets. The City uses these capital assets to provide utility services to its customers. Combining governmental activities with business type activities, the City has invested approximately 74.3% of its total assets in capital assets, as presented in the government-wide statement of net position.

Governmental Activity Revenues

The City is heavily reliant on both property taxes and sales taxes to support governmental operations. Property taxes provided 40% of the City's total revenues as compared to 37% in fiscal year 2012. Sales and use taxes provided 28% of the City's total revenues in 2013 and 2012.

Note that program revenues covered just 12.7% of governmental operating expenditures as compared to 12% in fiscal year 2012. This means that general revenues normally fund 87% of the governmental activities, primarily from property and sales taxes. As a result, the economy and the success of local businesses have a major impact on the City's revenue streams.

Governmental Activity Expenses

General Government expenses decreased approximately \$2.2 million, primarily due to a spending freeze and reduction in general administrative costs from our three utilities. The Public Safety expenses were constant from fiscal year 2012 increasing by only \$136,240. The Economic and Development expenses decreased by \$318,438 from fiscal year 2012 amount primarily due to minimum local economic development activities. The City relied on contract with the Atlanta Convention and Visitors Bureau to promote economic development activities.

The following table presents the cost of each of the City's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden that was placed on the City's taxpayers by each of these functions.

Business-Type Activities

Overall Analysis – Total operating revenues increased \$5,411,938 or 8.3%. Operating expenses increased \$739,536 or 1.2%. In total, the operating income increased by \$4,775,338. The factors contributing to these results include: the Services and Fines increase and a marginal increase in Utility rates.

After all cost allocations, the change in net position for each utility was as follows:

	<u>Amount</u>
Water and Sewerage System	\$4,492,256
Electrical system	\$2,265,809
Stormwater	\$1,447,521
Solid Waste	\$(159,313)

The following includes an analysis of the fiscal year 2013 financial activities for each utility.

Water and Sewerage Fund – Operating revenue increased \$920,067 and operating expenses decreased by \$556,977 from fiscal year 2012 revenues and expenses. In total, the change in net position increased \$1,477,044. At year-end, net position totaled \$4,362,705, an increase from the June 30, 2012 total of \$2,885,661.

Electric Fund – Operating revenue increased \$3,046,762 and operating expenses decreased \$781,786. The increase in revenue was the result of more power consumption by the customers. The wholesale cost of electricity rose approximately

\$1.2 million from fiscal year 2012. At year-end the Net Position totaled \$1,429,870 up from June 30, 2012 total of \$(2,398,678).

Storm Water Fund – At year-end the net position was \$1,447,521 and included Receivables for Storm Water Utility Fee in amount of 1,003,470 .

Solid Waste Fund – Operating revenue increased \$34,681 and operating expenses decreased \$42,742. There was no appreciable change in operating revenues. There was no appreciable change in operating expenses. In total, the change in net position is up \$77,637. At year-end, net position totaled \$(159,313) up from the June 30, 2012 total of \$(236,736).

FUND ANALYSIS

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$11,103,917 compared to a balance of \$8,221,045 at June 30, 2012. Of this year-end total, \$2,600,516 is unassigned indicating availability for continuing City service delivery requirements.

Legally restricted fund balances include \$8,342,024 set aside for debt service and public safety purposes. The total Ending fund balances of governmental funds show an increase of \$2,882,872 over fiscal year 2012.

Major Governmental Fund

General Fund - The General Fund is the City's only major governmental fund, the primary operating fund, and the largest source of day-to-day service delivery. The ending unassigned fund balance represents an equivalent of 4% of annual expenditures.

Total General Fund Property Tax increased by \$1,000,216. The 2013 Tax revenues were \$25,168,568 compared to \$23,526,031 for fiscal year 2012. The slight gain in tax revenue provides a glimmer of hope that the devastating recession has run its course.

In fiscal year 2013, the General fund recognized \$482,497 more in revenue than 2012 total revenues. The fiscal year 2013 General fund expenditures were \$4,924,984 less than 2012 total expenditures. The net change in fund balance increased by \$1,295,215 in fiscal year 2013.

The most significant changes from fiscal year 2013, are described below.

- In the fiscal year 2013 General Fund costs decreased by approximately \$1.1 million due to increase in cost allocations to Utility funds.
- Debt Service decreased by \$2,417,290 with no General Fund Debt Service in fiscal year 2013.

Proprietary Funds

Proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. The business-type activities analysis above discusses the City's enterprise funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Revenue original budget was not amended in fiscal year 2013. The major revenue streams in the original budget is for property tax and sales tax revenues, these revenues were approximately \$1.4 million below the budget. Licenses and permits

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
As of and For the Year Ended June 30, 2013

City of East Point, Georgia

revenues were \$167,955 over the budget as the result of more permits issued in fiscal year 2013. In total, the City realized approximately 94.8% of the projected revenue budget.

The actual expenditures were \$2,987,203 or approximately 10% below the budget. The main factors include the following:

- The budgets for Executive and Administrative expenses were approximately \$1.2 million below budget.
- The cost allocations to Utility funds increased by \$approximately \$1.8 million.
- Public safety expenses were approximately \$1 million less than budgeted.
- Debt service expenses were \$801,000 less than budgeted.

See Note 3-H for additional information about the City's long-term debt.

A SUMMARY OF THE ECONOMIC CONDITIONS AFFECTING THE CITY

The City is included in the Atlanta, Georgia Metropolitan area, in close proximity to Hartsfield-Jackson International airport. The City has an estimated 2010 population per the Census of 33,712. In addition, the City has with 13,333 housing units with an average household size of 2.50. Median house value is \$107,000 and median household income is \$38,759. Unemployment is estimated at 12.8% and is declining.

The City of East Point is the third largest city in Fulton County, which is most urbanized county in the state of Georgia. Neighborhoods are continually being revitalized as is downtown East Point, which is geared toward mixed-use development. New businesses are being developed and existing businesses are relocating to the City. The City has created the Corridors Tax Anticipation District to encourage improvements to downtown.

The primary revenue streams for the City are property taxes and sales taxes. This is a good revenue mix as property taxes are classified as "inelastic" and sales taxes are classified as "elastic." Sales tax revenue is highly sensitive to fluctuations in the economy. The current economic downturn has definitely affected the City's 2013 revenue streams and the 2013 budget is a no-frills operational budget with departmental belt tightening and very few capital projects. We are beginning to see signs of a recovering economy; we are constantly monitoring our economic condition and positioning ourselves to make the necessary adjustments.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. Questions concerning any of the information provided in this report or request for additional information should be addressed to the Finance Director, 2777 East Point Street, East Point, Georgia 30344.

Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Government-wide Statement of Activities
For the Year Ended June 30, 2013

Net Changes In Fund Balances - Total Governmental Funds	\$	2,882,869
 Amounts reported for governmental activities in the statement of activities are different because		
Governmental funds report capital outlays as expenditures on the governmental fund type operating statement. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay exceeded depreciation expense in the current period.		
Depreciation expense	\$ (2,307,174)	
Capital outlay	1,765,168	(542,006)
The increase in other post employment benefits obligation are reported on the government-wide statement of activities but not at the governmental fund's operating statement.		
Balance @ 6/30/2013	\$ (1,514,469)	
Balance @ 6/30/2012	1,240,491	(273,978)
Transfers between governmental funds are reported in the governmental funds operating statement but are eliminated on the government-wide statement of activities:		
Transfers in	\$ (1,212,075)	
Transfers out	1,212,075	-
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.		
		1,081,246
Accrued interest payable and expenses recorded in the government wide but not due to be recorded at fund level		
		(29,200)
The inception of capital leases is reported as an other financing source in the governmental funds, but classified as a liability in the statement of net position.		
		-
Workers compensation payable reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Liability @ 6/30/2013	\$ (973,334)	
Liability @ 6/30/2012	447,717	(525,617)
Claims payable reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

The City of East Point, Georgia (the "City") was incorporated on August 10, 1887 under the provisions of Georgia Law 133, as amended. The City operates under a Council-Manager form of government and provides the following services: general government, judicial, public safety, public works, culture and recreation, economic and community development, water and sewer, electricity and solid waste disposal.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The City has implemented Financial Accounting Standards Board (FASB) statement No. 62.

The most significant of the City's accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City, this entity includes component units as described below.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The City's component units are presented either as "blended" or "discretely presented." If blended, it is reported as if it were a fund of the City throughout the year. It is included at both the government-wide and fund financial reporting levels.

Discretely presented component units are reported only at the government-wide financial reporting level. The component unit columns included on the government-wide financial statements identify the financial data of the City's discretely presented component units. They are reported separately to emphasize that they are legally separate from the City.

A brief description of the blended component unit follows:

East Point Building Authority (The Authority) - The Authority was established to acquire, construct and equip capital projects for the City. The Mayor and City Council appoint members of the Authority. The City has lease agreements that require it makes lease payments to the Authority in amounts equivalent to the principal and interest on the Authority's outstanding debt. Capital assets owned by the Authority are included in capital assets; related debt and debt service are included in long-term debt in the government-wide financial statements and in the debt service fund. Assets owned by the Authority and leased for use by enterprise funds are included in the enterprise funds, along with the related capital debt. The Authority does not issue separate financial statements.

Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 1 - Summary of Significant Accounting Policies (Continued)

The following component units are discretely presented in the reporting entity:

East Point Business and Industrial Development Authority (EPBIDA) and the Downtown Development Authority of East Point (DDAEP) - The EPBIDA and the DDAEP were established to assist in the promotion, rejuvenation and commercial development of the City. The board members of the Authorities are appointed by the City Council. The Authorities receive a substantial portion of their operating revenues and all of their office facilities from the City. While these entities are legally established as two separate authorities, they are operated and reported on as one entity. During fiscal year 2010, DDAEP was inactive. The EPBIDA and the DDAEP do not issue separate financial statements.

Keep East Point Beautiful - Keep East Point Beautiful (KEPB), formally known as East Point Clean Community System, was established to promote public interest in the general improvement of the environment of the City of East Point. It receives substantially all of its operating revenues from the City. The directors of the System are appointed by the City Council. The KEPB does not issue separate financial statements.

1-B. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position, a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The government-wide financial statements include the statement of net assets and the statement of activities. These statements report financial information for the City as a whole. The primary government and the discretely presented component units are presented separately within these financial statements with the focus on the primary government. Fiduciary activities are not included at the government-wide reporting level. Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and City general revenues, from business-type activities, generally financed in whole or in part with fees charged to external customers. The operating activity of the internal service funds is eliminated to avoid duplicating revenues and expenses.

The statement of net position presents the financial position of the governmental and business-type activities of the City and its discretely presented component units at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities, for each identifiable activity of the business-type activities of the City and for each major component unit. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees and other charges to users of the City's services; (2) operating grants and contributions which finance annual operating activities including restricted investment income; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses.

For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which functions the revenues are *restricted*.

Taxes and other revenue sources not properly included with program revenues are reported as general revenues of the City. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the City.

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Fund financial statements are provided for governmental, proprietary, and fiduciary funds.

Major individual governmental and enterprise funds are reported in separate columns with composite columns for nonmajor funds. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting - The City uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The City reports the difference between governmental fund assets plus deferred outflows of resources and liabilities plus deferred inflows of resources as fund balance. The following are the City's major governmental funds:

General Fund - The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Georgia.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The following are the City's major enterprise funds.

Water and Sewer Fund – This fund provides water and sewer services to City residents.

Electrical Fund – This fund provides electrical services to City residents.

Solid Waste Fund – This fund provides sanitation services to City residents.

Internal Service Fund – The internal service fund accounts for the operation and administration activity of the motor transport programs of the City.

Fiduciary Funds - Fiduciary fund reporting focuses on net position. The City's fiduciary funds include a pension trust funds and an agency fund. The pension trust fund provides pensions to City employees and City elected officials. The agency fund collects municipal court fines and forwards them to the general fund. The agency fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

1-C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets plus deferred outflows of resources and all liabilities plus deferred inflows of resources associated with the operation of the City are included on the statement of net position. The statement of activities reports revenues and expenses.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types and pension trust funds are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets plus deferred outflows of resources and all liabilities plus deferred inflows of resources associated with the operation of these funds are included on the statements of net position. The statements of revenues, expenses and changes in fund net position present increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

1-D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting and fiduciary funds use the accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the calendar year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current calendar year. For the City, the phrase "available for exchange transactions" means expected to be received within 60 days of year-end.

Revenues - Non-exchange Transactions - Non-exchange transactions in which the City receives value without directly giving equal value in return, include sales tax, property taxes, grants, and donations. On an accrual basis, revenue from sales tax is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied, (Note 3-B). Revenue from grants and donations is recognized in the calendar year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days subsequent to year end) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes and federal and state grants.

Unearned Revenue - Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Note 1 - Summary of Significant Accounting Policies (Continued)

Property taxes receivable not collected within 60 days of year-end has been recorded as deferred inflows of resources. On both the government-fund financial statements and the government-wide financial statements, revenues are deferred for:

- Grants and entitlements received before the eligibility requirements are met (e.g., cash advances)
- Property taxes

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred, if measurable. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1-E. Assets, Liabilities and Fund Equity

1-E-1. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents - Cash and cash equivalents include amounts in demand and time deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. Cash and cash equivalents are reported on balance sheets, statements of net assets and in cash flow statements.

Cash balances of most City funds are pooled and invested. Interest earned from investments purchased with pooled cash is allocated to each fund based on the fund's average equity balance in the pooled fund.

Investments - The City is authorized by the City charter and Georgia statutes to invest in:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or United States Government Agency
- Obligations of any corporation of the United States Government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

Assets of the City's pension plans are invested in accordance with Georgia statutes. These statutes authorize the City to invest these assets in:

- Obligations of the United States Treasury or its agencies and instrumentalities,
- Bonds of the State of Georgia and its agencies, instrumentalities and political subdivisions,
- Certificates of deposit of national or state banks that are fully insured or collateralized by United States obligations,
- Common stocks,
- Money market instruments, and
- Corporate bonds and debentures, which are not in default as to principal and interest.

Investments of the City are stated at fair value based upon quoted market prices.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 1 - Summary of Significant Accounting Policies (Continued)

For the City's pension plan, securities traded on the national securities markets are valued at the last reported sales price on the last business day of the fiscal year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at fair value determined by the trustee on the last reported bid and asked prices. Short term investments, corporate bonds, U.S. Government agency obligations and corporate stock are reported at their market value as of June 30, 2013.

1-E-2. Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles, where applicable.

1-E-3. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

1-E-4. Consumable Inventories

On the government-wide financial statements, inventories are presented at a moving average cost basis and are expensed when used (i.e., the consumption method).

On the fund financial statements, inventories of governmental funds and proprietary funds are stated a moving average cost basis. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure in the governmental fund types when consumed. Inventories of the proprietary funds are expensed when consumed.

1-E-5. Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2013, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved, as this amount is not available for general appropriation.

1-E-6. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. Restricted assets in the governmental funds relate to specific programs for which cash is restricted for use by the donor or the nature of the program, debt service payments and for capital projects.

1-E-7. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds or contributions. The City reports these assets in the governmental activities column of the government-wide statement of net assets but does not report these assets in the governmental fund financial statements. Capital assets utilized by proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the proprietary fund's statement of net position.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 1 - Summary of Significant Accounting Policies (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of \$5,000. The City’s infrastructure consists of roads, bridges, storm sewers, traffic islands, street lights, traffic signals and street signs. Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are expensed. Interest incurred during the construction of capital assets utilized by the enterprise funds is capitalized, less the amount of interest earned during the same qualifying period.

The City has elected not to capitalize works of art and historical treasures based on its policy that these items are not held for financial gain, they will be preserved and any proceeds from the sale of the items will be used to acquire other collections.

All reported capital assets are depreciated except for land, right-of-ways, water rights and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacement.

Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Useful Lives		
	Governmental Activities	Business-type Activities	KEPB
Land improvements	10-25 years	10-25 years	-
Buildings	20-50 years	20-50 years	-
Building improvements	20 years	20 years	-
Machinery and equipment	3-10 years	5-20 years	7 years
Furniture and fixtures	3-8 years	3-8 years	3-8 years
Vehicles	5-8 years	5-8 years	-
Infrastructure	25-50 years	10-50 years	-

1-E-8. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level only “*when due.*”

1-E-9. Workers’ Compensation

The reserves for claims are determined when a probable loss has occurred and the amount of the loss can be reasonably estimated. The reserves are conservatively estimated with no interest imputed in determining the amount of the claims or reserves (Note 4-A).

The total workers’ compensation liability is reported on the government-wide financial statements. Proprietary funds report the total workers’ compensation liability in each individual fund at the fund reporting level. Governmental funds report the workers’ compensation liability at the fund reporting level only “*when due.*”

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-10. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. Bonds and capital leases are recognized as liabilities in the governmental fund financial statements “*when due.*”

1-E-11. Bond Premiums, Discounts, Issuance Costs and Bond Refunding Gains and Losses

On the government-wide statement of net position and the proprietary fund type statement of net assets, bond premiums and discounts are netted against bonds payable. On the government-wide and proprietary fund type statement of activities, bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method and bond refunding gains and losses are reported as deferred inflows or outflows of resources and amortized over the shorter of the life of refunding debt or the refunded debt using the straight-line method. Bond issuance costs are recognized as current expenses in the reporting period in which they are incurred.

At the government fund reporting level, bond premiums and discounts are reported as other financing sources and uses, separately from the face amount of the bonds issued. Bond issuance costs are reported as debt service expenditures.

1-E-12. Fund Equity (Note 3-L)

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

Fund Balance – Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

- **Nonspendable** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.
- **Restricted** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City Council or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** – Fund balances are reported as committed when they can be used only for specific purposes, pursuant to constraints imposed by formal action of the City Council through the approval of a motion to adopt an ordinance prior to the end of the fiscal year. Only, the City Council may modify or rescind the commitment by adopting another ordinance to remove or revise the limitation as passed.
- **Assigned** – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City manager or designee to assign fund balances.
- **Unassigned** - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 1 - Summary of Significant Accounting Policies (Continued)

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City’s policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position - Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has not spent) for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position are reported as unrestricted.

1-E-13. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for water and sewer, electric and sanitation services.

Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund. All other revenues and expenses are classified as non-operating including investment earnings, withdrawals from the Municipal Competitive Trust, interest expense and the gain or loss on the disposition of capital assets.

1-E-14. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets (e.g. developers), and grants or outside contributions of resources restricted to capital acquisition and construction.

1-E-15. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. On the government-wide statement of activities, the exchange transactions between the internal service funds and the user funds are eliminated. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated.

1-E-16. Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-17. Comparative Data/Reclassifications

Comparative data for the prior year have been presented throughout the financial statements in order to provide an understanding of the changes in the financial position and results of operations.

2-A. Budgetary Information

The City adopts an annual operating budget for all governmental funds except the capital projects fund, which have an adopted project budget. Budgets are adopted on a basis consistent with GAAP with the exception of the capital projects funds, which have project length budgets, rather than annual budgets. The City adopts budgets for its enterprise funds and internal service fund, however, the reporting of the budget to actual comparison is not required.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level as defined in the adopted budget, within each individual fund. The City manager is authorized to transfer appropriations within a single department from one line to another. Any change in total to a fund or departmental appropriation within a fund requires approval of the City Council.

The original 2013 budget was amended during the year. All unexpended annual appropriations lapse at year-end.

2-B. Excess of Expenditures and Other Financing Uses over Appropriations

The following departments/functions overspent the final 2013 annual budget:

Purchasing	\$ 18,280
Non-departmental	\$ 304,682
Police	\$ 576,118
Jail	\$ 173,549
Fire	\$ 346,564
Parks and Facilities	\$ 275,409
Economic Development - Community services	\$ 38,897

2-C. Encumbrances. As discussed in note 2-A, Budgetary Information, Budgetary basis of accounting, encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end, there were no outstanding encumbrances

3-A. Deposits and Investments

Deposits - State statutes require banks holding public funds to secure these funds by FDIC insurance, securities pledged at par value, and surety bonds at face value in combined aggregate totaling not less than 110 percent of the public funds held.

Custodial Credit Risk – Deposits – the custodial credit risk for deposits is the risk that, in the event of a bank failure, the City’s deposits or the securities collateralizing these deposits may not be recovered.

All of the bank balances were covered by federal depository insurance, the FDIC’s Transaction Account Guarantee (TAG) Program, or by collateral held by the City’s agent or pledging financial institution. Under the TAG program, through June 30, 2013, all noninterest-bearing transaction accounts are fully guaranteed by the FDIC for the entire amount in the account. Coverage under the TAG Program is in addition to and separate from the coverage available under the FDIC’s general deposit insurance rules.

Georgia Fund 1, created by OCGA 36-83-8, is a stable net asset value investment pool which follows Standard and Poor’s criteria for AAAM rated money market funds. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the SEC as an investment company. The pool’s primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). Net fair value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant’s shares sold and redeemed based on a \$1.00 per share value. The fair value of the City’s position in the pool is the same as the value of pool shares (\$1 per share value). The regulatory oversight agency for Georgia Fund 1 is the Office of Treasury and Fiscal Services of the State of Georgia.

Funds included in this Pool are not required to be collateralized.

The fair value of the City’s position in the pool approximates the value of the City’s pool shares. Credit risk, value, and interest risk at June 30, 2013 are as follows:

<u>Credit Risk</u>	<u>Value</u>	<u>Interest Risk</u>
AAA rated	\$3,407	59 day WAM

The City classifies its investments in Georgia Fund I as cash and cash equivalents.

Also, the Keep East Point Beautiful deposits and the East Point Business and Industrial Development Authority’s deposits were covered either by FDIC coverage or were entirely insured or collateralized with securities held by the component units’ agent in the component units’ name.

Investments (Governmental and Enterprise Funds)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from volatility of interest rates.

City of East Point, Georgia

Note 3 - Detailed Notes on All Funds, (Continued)

June 30, 2013, the City had the following investments and maturities:

Investment Type	Maturity Period	
	Fair Value	Under 30 days
Money Market Funds	\$ 16,404,367	\$ 16,404,367

Credit Quality Risk – Credit quality risk is that an issuer or other counterparty to an investment will not fulfill its obligations. The City’s investment policy does not address credit risk. The above money market funds are rated “AAA.”

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank or investment firm failure, the City’s investments may not be recovered. The City’s investment policy does not address custodial credit risk

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of the City’s investment in a single issuer. The City does not have a formally adopted investment policy for managing concentration of credit risk. The only investments in excess of 5% of the City’s investment portfolio are federal securities and money market funds.

Deposits (Pension Trust Fund)

Custodial Credit Risk – Deposits – As of June 30, 2013, all of the Pension Trust Fund’s deposits were covered either by FDIC coverage or collateralized by the financial institution or a combination of the two.

Investments (Pension Trust Fund)

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from volatility of interest rates.

At June 30, 2013, the Pension Trust Fund had the following investments and maturities:

Investment Type	Fair Value	Maturity Period

3-B. Receivables

Receivables at June 30, 2013, consisted of taxes, accounts (billings for user charges) and intergovernmental receivables arising from grants.

Receivables and payables are recorded on the City’s financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectibility.

The allowance for uncollectibles is follows:

- General fund \$ 808,872
- Water and sewerage system fund \$ 533,553
- Electric system fund \$ 501,505
- Solid waste fund \$ 94,984
- Stormwater Fund \$ 52,815

3-C. Property Taxes

Property taxes for the June 30, 2013 fiscal year were levied on July 1, 2012, based on property values assessed as of January 1, 2012. The taxes were billed October 5, 2012 and were payable within 60 days of the billing date. An interest penalty of 10% per annum is charged on property taxes not paid within 90 days of the due date. Property taxes become an enforceable lien on January 31, 2013.

3-D. Deferred Inflows/Outflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents consumption of net position that applies to a future period (s) so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports the deferred outflow of resources (\$1,893,776) on funding reported in the government-wide statement of net position. The deferred outflow of resources on refunding resulted from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunded debt.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period (s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports two of these items. One item, the property taxes, is reported as deferred inflows of resources since they are recognized as receivables before the period for which the taxes are levied. These amounts also are reported on the government-wide statement of net position.

The second item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report deferred inflow of resources from unavailable revenues (\$624,908). These amounts are deferred and recognized as deferred inflows of resources in the period that the amount becomes available. These amounts also are reported on the government-wide statement of net position.

These amounts are reported as follows:

Fund	Amount
General	\$ 590,509
Nonmajor governmental	34,399
	<hr/>
Total	<u>\$ 624,908</u>

Note 3 - Detailed Notes on All Funds (Continued)

The general fund services the governmental activities Building Authority bonds and capital leases. The tax allocation bonds are being serviced by the tax allocation district funds 2002A and 2002B. The business-type activities revenue bonds are serviced by the water fund and the business-type activities capital leases are being serviced by the electric fund. Compensated absences are being paid by the fund in which the employee works, primarily the general fund, the enterprise funds and the internal service fund. The liabilities for worker's compensation and claims are being paid by the general fund.

Arbitrage Rebate – The arbitrage rebate liability is treated as a claim or judgment upon occurrence, on all City obligations. Certain City long-term debt obligations are subject to Internal Revenue Code Section 148, which requires that interest earned on proceeds from the issuance of tax-exempt debt be rebated to the Federal government to the extent that those earnings exceed the interest costs on the related tax-exempt debt. At June 30, 2013, the City has no arbitrage rebate liability on any of its tax-exempt debt issuances.

3-I. Operating Leases

The City has entered into an operating lease agreement with a financing corporation, primarily for copy machine services which expired in fiscal year 2013.. The 2013 rental payments totaled \$160,334.

3-J. Pension Plan –The City provides pension benefits to its employee through the City of East Point Employees Retirement Plan (the Plan). The Retirement Committee for the Employees of the City of East Point administers the Plan. Should the accumulated funds be insufficient to liquidate the net pension obligation or to meet and pay benefits when due the City's general fund shall be required to make up any deficiency. The cost of administering the Plan is primarily paid by investment earnings.

The City's pension is part of the City financial reporting entity and is therefore, included in these financial statement as a pension trust fund. Furthermore, the City issues publically an available financial statement report for the Plan. The report may be obtained by writing to the City Clerk's office at the following address:

City of East Point, 1526 East Forrest Avenue, Suite 400 East Point, Georgia
30344

Plan Description – **The Plan is a single employer, contributory defined benefit pension plan. Effective July 1, 1998, the Plan covers all City employees employed prior to April 1, 1992. Also, effective July 1, 1998, the City established an additional class of eligible employees or class 5 for employees hired subsequent to March 31, 1992. These benefit provisions and all other requirements are established by State statute and City ordinance.**

Benefits vest differently for each class of employee. The Plan defines each class as follows:

- Class 1 - transferred from old plan on June 19, 1975.
- Class 2 - general employees and elected officials hired before April 1, 1992.
- Class 3 - police and fire employees hired before April 1, 1992.
- Class 5 - Eligible full-time employees hired on or after April 1, 1992 (Mayor and City Council).

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 3 - Detailed Notes on All Funds (Continued)

Vesting for each class is as follows:

- Class 1 - vesting begins after 8 years of service.
- Classes 2 and 3 - vesting begins after 10 years of service.
- Class 5 - police and firefighters - vesting begins after 10 years of service, elected officials - vesting begins after 5 years of service.

Normal retirement ages plus years of service required in order to receive benefits for each class are as follows:

- Class 1 - 50 years of age, plus 8 years of service.
- Class 2 - full-time employees - 65 years of age, plus 10 years of service.
- Class 3 - 55 years of age, plus 10 years of service.
- Class 5 - 65 years of age (55 for police officers and firefighters), plus 10 years of service; elected officials – 60 years of age plus 5 years of service.

Early retirement is allowed for Class 2 and Class 3 employees if they are 50 years of age and have 10 years of service. The benefit payable immediately is the accrued benefit reduced by 3% for each year retirement precedes normal retirement date. Class 5 participants may retire as early as Age 55 (50 for Police Officers and Firefighters) with ten years of credited service using the applicable percentage. The Plan also provides death and disability benefits. These benefit provisions and all other requirements are established by State statute and City ordinance.

Fund Membership - At January 1, 2013, the date of the most recent actuarial valuation, there were 856 participants respectively, consisting of the following:

Retirees and beneficiaries currently receiving benefits	359
Terminated members entitled to but not yet receiving benefits	16
Current active employees vested	102
Non-vested	379
Total	856

Funding Policy – The contribution requirements of plan members and the City are established in accordance with the applicable pension law. The City's funding policy provides for actuarially determined periodic contributions at rates that, for individual employees, increase gradually over time so that sufficient assets will be available to pay benefits when due. The City is currently contributing 51.33% of covered payroll and the active participants are contributing 6% of their base pay.

Total City contributions to the Plan for the years ended December 31, 2010, 2011, and 2012 were \$6,027,631, \$6,950,588 and \$8,106,710, respectively. Employee contributions for the same periods were \$1,037,762, \$1,125,505 and \$1,142,331, respectively.

Annual Pension Cost – The City's annual pension costs for the last three years are as follows:

Schedule of Employer Contributions				
Actuarial Valuation Date	Annual Pension Cost	Annual Pension Contribution	Percentage Contributed	Net Pension Obligation
January 1, 2011	\$ 1,991,038	\$ 1,991,038	100.0%	\$ -

Defined Contribution Plan

The City’s 401 Governmental Money Purchase Deferred Retirement Plan (the “ Deferred Plan”) is a defined contribution plan which is administered by ICMA-Retirement Corporation. Employees at the director level are eligible to participate in the deferred plan. The deferred plan participants can contribute a maximum of 6% of their annual salary with matching contribution made by the City. The General Council of the City established and can amend the deferred Plan. At June 30, 2013 there were 9 participants in the deferred Plan with employees and employer contributing \$64,269 and \$101,514, respectively.

3K. Other Postemployment Benefits (OPEB)

The City of East Point Retiree Healthcare Plan (the “Healthcare Plan”) is a single-employer defined benefit healthcare plan which provides Other Postemployment Benefits (OPEB) to eligible retirees, dependents and their beneficiaries. The City Council have the authority to establish the benefit provisions and may amend them as necessary . The Healthcare Plan was established by legislative acts and functions in accordance with existing City laws. OPEB of City retirees includes health, dental, and vision care and life insurance. Separate financial statements are not prepared for the Healthcare Plan.

Funding Policy – The City has not advance-funded or established a funding methodology for the annual OPEB costs or to retire the net OPEB obligation. The City Council is the authority that sets the contribution rates for active employees and retirees. Active employees do not contribute and retirees pay approximately 40% of the premium. The balance of the premium is paid by the City. The City covers the cost of administering the plan.

Note 3 - Detailed Notes on All Funds (Continued)

Actuarial Methods and Assumptions – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial valuation involve the use of future estimates that are subject to continued revision.

The City’s actuarial valuation information is as follows:

Current Valuation Date	July 1, 2012
Actuarial Cost Method	Entry Age
Amortization Method	Closed
Remianing Amortization Period	26 years
Asset Valuation Method	Not Applicable

4-A. Risk Management

The City is exposed to various risks of loss related to torts; theft of damage to and destruction of assets; errors and omissions; and natural disasters for which the City carries commercial insurance. The City established a fully self-insured program for workers’ compensation (See below) whereby any claims exceeding \$500,000 are paid through a private insurance carrier, and the City through a third-party administrator pays any others.

According to the General Assembly of the State of Georgia, Section 36-33-1 of the official Code of Georgia Annotated, as amended, municipal corporations (i.e. the City of East Point), via sovereign immunity, shall be immune from liability for damages for actions based upon tort, but not contract. This immunity is still subject to actions brought based upon federal constitutional or statutory rights. The City carries liability insurance for the types of claims and in amounts that are customary for similar entities for those categories of claims not subject to the defense of sovereign immunity. The City maintains commercial property and casualty insurance for property damage, earthquake, or flood damage. The various City assets consisting of its mechanical systems, computers, and other equipment is insured for over \$3,000,000, subject to limits for the individual asset types.

The City has purchased liability insurance for its general liability, its automobiles, its employees, public safety officers, public officials, and a blanket fidelity bond. Performance surety bonds and builders’ risk insurance is required of all contractors and subcontractors involved in the construction and renovation of municipal facilities or assets. Any surety bonds are to be issued by firms having a rating of “A” or better by A.M. Best & Co. and builder’s risk insurance must equal the sums of the contract.

There has not been a significant reduction in insurance coverage from the previous year. Settlement claims have not exceeded commercial coverage in any of the past three (3) years.

Contract Commitments - Municipal Electric Authority of Georgia – The City has entered into a power sales contract with the Municipal Electric Authority of Georgia (MEAG). The contract requires the City to purchase from MEAG all of the City's bulk power supply, other than power supplied by Federally-owned generation projects. MEAG is authorized to establish rates and charges so as to produce revenues sufficient to cover its costs. The City's future minimum payment obligations to MEAG will be based on MEAG's costs and the City's yearly demand for bulk power supply. The City's payment obligations under this contract are general obligations for which the City's full faith, credit and taxing powers are pledged. In order to continue to purchase from MEAG, the City is contingently liable for MEAG liabilities in the event of a default by MEAG. The City is current on all of its obligations to MEAG for power sales contracts. The flexible operating trust account includes funds that are available for withdrawal at the discretion of the City. This amount is included in restricted cash and totals \$7,087,566.

Consent Order for Sanitary Sewer System - The City was subject to a consent order entered into December 2004 to resolve alleged violations of the Federal Clean Water Act and the Georgia Water Quality Control Act, relative to its permits issued by the Georgia Environmental Protection Division (EPD), which authorize discharge of wastewater from the City's sanitary sewer system. The consent order relates to allegations of unpermitted waste disposal from the City's sanitation sewer system, and measures to address such problems, both long and short term.

On March 23, 2013, the City completed the requirements of the consent order and now is in full compliance under the consent Order.

4-C. Contingent Liabilities

Various claims and lawsuits are pending against the City. After consideration of applicable insurance policy coverage, and the relative merits of each claim or lawsuit, it is the opinion of the City Attorney and City Management that the potential ultimate liability resulting from these actions, if any, will not have a material adverse financial effect on the City.

The City is a co-plaintiff with the City of College Park, Georgia in action against Fulton County, Georgia alleging breach of contract and duties relative to agreements entered into by the parties for the construction, maintenance, operation and expansion of a sewage treatment plant intended to serve all parties. According to the plaintiffs, the agreements set forth provisions for sharing the cost of construction of the plant and methods for allocating operations and maintenance costs. At some point subsequent to executing the agreements, the County, according to the complaint filed by the plaintiffs, assumed sole ownership rights to the plant, subsequently sold excess capacity to other municipalities within the county and billed the plaintiffs under methods inconsistent with the proportional use of the facility. The plaintiffs are seeking declaratory judgment on several issues, including that the various agreements entered into by the parties are valid and enforceable contracts; that the County wrongly sold portions of the plant to other municipalities; that the County has improperly billed the plaintiffs; that they are entitled to shares of the monies received from the other municipalities utilizing the plant and that the percentages used in allocating operations and maintenance costs should be adjusted due to the additional users of the plant. They are currently pursuing settlement negotiations.

4-D. Joint Venture

The City participates in the following joint venture.

Atlanta Regional Commission (ARC) – Under Georgia law, the City, in conjunction with other counties and cities within the metropolitan Atlanta area, is a member of the Atlanta Regional Commission (ARC), the regional development center (RDC) for the metropolitan Atlanta area. By agreement with the ARC, dues for cities within Fulton County, outside the City of Atlanta, are paid by Fulton County on a per capita basis. Also by agreement with ARC, Board representation for cities within South Fulton County is determined by the mayors of the cities in south Fulton County. The mayor of East Point is not the south Fulton County representative on the ARC.

City of East Point, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2013

Note 4 - Other Notes (Continued)

Georgia laws also provide that the member governments are liable for any debts or obligations of an RDC beyond its resources (O.C.G.A. 50-8-39.1).

Separately issued financial statements are available at the ARC's administrative office, 40 Courtland Street, N.E., Atlanta, Georgia 30303.

4-E. Related Organization – The City has a limited relationship with the following organization:

Housing Authority of the City of East Point – The Housing Authority of the City of East Point (the “Housing Authority”) is considered a related organization and not incorporated into the reporting entity. The Housing Authority is a legally separate entity from the City, having a board composed of members originally appointed by the mayor of the City. The City is not able to impose its will upon the Housing Authority and a financial burden/benefit relationship does not exist between them. Therefore, based on these criteria, the Housing Authority is a related organization. The Housing Authority issues separate financial statements.

Atlanta Housing Authority – the City Council appoints one member of the Atlanta Housing Authority and that is the extent of their involvement.

4-F. Hotel-Motel Lodging Tax

On April 18, 2011 the City passed an ordinance 003-11 to amend part 5, chapter 1, article B, section 5-1052 of the City's code in accordance with O.C.G.A. 48-13-51 to effectively from July 1, 2011, increase the lodging tax from 3% to 8%. The City has contracted with the Atlanta Convention and Visitors Bureau as a destination marketing organization (“DMO”) to meet the expenditure requirements of Section 48-13-51(e) of the O.C.G.A. The City shall expend the proceeds of the tax imposed as follow:

- | | |
|---|------|
| • City's General fund | 3.0% |
| • City's Tourism development projects (facilities) | 1.5% |
| • Tourism, convention and trade promotion contract with the DMO | 3.5% |

During the fiscal year the City collected \$2,792,022 and transferred \$1,047,008 to general fund, \$523,504 to the government fund for the construction of a tourism facility and paid \$1,221,510 to the DMO for marketing and promotion services.

4-G. Prior Period Adjustments

In fiscal year 2013, the City passed a storm water ordinance establishing a Stormwater Enterprise Fund. As a result, the portion of net position deficit (\$466,386) that resided in the Electric Fund for storm water pre-formation activities was moved over to the newly formed Stormwater Fund.

4-H. Subsequent Events

Management has evaluated material events and transactions that have occurred after the Statement of Net Position date and concluded that no subsequent events have occurred through the date the financial statements were available to be issued, December 23, 2013, that require adjustment to or disclosure in these financial statements.

Contents

Exhibits

Financial Trends

These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.

I - XI-A

Revenue Capacity

These tables contain information that may assist the reader in assessing the viability of the City's most significant "own-source" revenue sources, property taxes.

XII-XXIII

Debt Capacity

These tables contain information that may assist the reader in analyzing the affordability of the City's current levels of outstanding debt and the City's ability to issue debt in the future.

XXIV-XXVI

Demographic and Economic Information

These tables present demographic and economic information intended (1) to assist users in understanding the socioeconomic environment within which the City operates and (2) to provide information that facilitates comparisons of financial statement information over time and among cities.

XXVII-XXVIII

Operating Information

These tables contain service and infrastructure indicators that can inform one's understanding how the information in the City's financial statements relates to the services the City provides and the activities it performs.

XXIX-XXXII

Data Source:

Unless otherwise noted, the information in these tables is derived from the comprehensive annual financial report for the applicable year. The City implemented GASB Statement No. 34 in fiscal year 2003.

Notes:

¹ Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net positions are considered restricted only when (1) an external party, such as the State of Georgia or the federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the City.

Notes:

¹ The amounts reported in the total uncollected taxes column are the uncollected taxes for each tax levy.

² When restating this exhibit to reflect the requirements of GASB Statement No. 44, the collections in the prior year have been applied to the year prior to collection, since restating this table was not practicable. As a result, some years report more than a 100% collection rate.

³ A large portion of the Fulton tax digest was protested, resulting in lower property tax collections.

Notes:

¹ The local option sales tax (LOST) was approved by referendum effective January 1, 1979 and is effective indefinitely. The City is required to reduce their property tax millage rate in the current year by the amount of these taxes collected in the prior year.

² An education special purpose local option sales tax was approved effective July 1, 2002 and expired June 30, 2007. The current education special purpose local option sales tax was approved effective July 1, 2007 and expires June 30, 2012. The latter tax is being used to construct new school buildings and renovate existing school buildings.

³ This sales tax rate is levied in counties in the Metropolitan Atlanta Rapid Transit Authority (MARTA) district which have a service contract with MARTA, currently Fulton and DeKalb counties.
