

Registration for **CodeRED** Community Notifications

When seconds matter

The City of East Point in association with the Emergency Communications Network, has established a high-speed notification system that can alert residents of immediate or pending dangers or threats. The system is **CodeRED**, and it is designed to accurately and reliably deliver critical information that is essential for life safety.

To register for **Weather Warnings**, click the link below, which opens to a secure, Community Notification Enrollment page that allows East Point residents and businesses to add or update contact information to ensure receipt of Weather Warnings. Unlisted numbers, mobile numbers, TDD/TTY requirements can all be entered.

To receive automated Tornado, Flash Flood and Severe Weather Warnings be sure to place a check next to the weather system(s) you would like to receive emergency notifications for to ensure message delivery.

To register for City of East Point emergency and non-emergency notifications, scroll down, print and complete the form below. Please see the form for details. Upon completing the form, return it to one of the addresses listed.

CodeRED also offers notifications via a Mobile Alert app. Click the link that follows to download the app.
